THIRD QUOTA ARRIVES AT CAMP LEWIS

(Special to The Tribune)
CAMP LEWIS, American Lake, Wash., Oct. 16.—Belated though enthusiastic 519 drafted men from Oakland and San Francisco arrived here last night, bringing the entire California quota of 1,500 men. They had been overdue for several days and army men were beginning to grow impatient because of their tardiness when news arrived that they were en route. With 200 more men from Los Angeles arriving today, California's shortage is diminished to 1500.

Everywhere disgust and depression is apparent because of the large number of men rejected here for physical reasons. The army surgeons are disgusted—the rejected men depressed. It is estimated that about 3700 men sent here by the local boards as fit for military service will be sent home. That a new levy may have to be made throughout the entire West for filling purposes was thought probable today by officials. Some of the places will be taken by the fourth quota men, who are expected to be arriving tomorrow.

Out of the 3700 men who will probably be rejected, between 30 and 40 are expected to return to their homes because they have dependent families. Certain men, rejected when they were in route, before the draft went into effect, were taken and accepted by the draft board surgeons.

One instance is recorded where a man in the last stages of tuberculosis came to camp from a distance of more than a thousand miles away. When questioned by army surgeons, he said the home physician who certified him for service observed that while he knew the man would finally be rejected, the "trip" would probably do him good.

Yesterday 131 men were discharged because they were held physically unfit for military service. Additional quotas from later calls, it is rumored, will be necessary to fill up the losses suffered by the Ninety-first division, although Camp Lewis health reports, when compared with those of other cantonments, rank high.

CALL FOR HELP.
The cantonment postoffice, originally the sorting place for sixteen clerks, has grown so crowded with mail, mailmen and parcel-post packages, that a call for help has been sent out to the postal department. Postmaster Calvin W. Stewart has appealed successfully for additional men from the Spokane, Portland and Seattle offices. Cancellations have reached 55,000 and over a day. Two trucks of the quartermaster department, capable of seating 3000 people, will be finished within another week when the hall is ready.

MATSON WILL NOT TO BE CONTESTED

Twenty thousand dollars each was the amount bequeathed by the late Captain William Matson to the five children of his first marriage—Arthur J. Matson, 1077 Sixty-first street, Oakland; Mrs. William (Emily) Forrest, 555 Fifty-fourth street, Oakland; Mrs. Bernice, 720 Broadway, San Francisco; Theodore Matson, 68 Short street, and Walter J. Matson of Hillsborough. To the widow, Mrs. Lillie B. Matson, goes the half of the estate, variously estimated at from \$2,000,000 to \$2,750,000. The residue after distribution goes to Mrs. Lillie B. Matson, wife of William P. Roth, daughter by Captain Matson's second marriage.

A conference concerning the provisions of the will, which was filed for probate yesterday, is being held today by the heirs and sisters of the first marriage. According to Arthur J. Matson, there is small likelihood of a contest.

"I do not know at this time what course will be pursued," he said this morning. "So far as I am concerned, I do not believe that there will be any contest. I have not retained an attorney."

The will was drawn on August 7, 1913, and was witnessed by Attorney George J. Hatfield and Attorney Edward J. Hatfield. The will, which was made in the instrument that the estate is community property acquired since the second marriage though there is reservation that "an incontestable part is not community holding." There were no bequests to charity.

The bulk of the fortune is said to be in some 400,000 shares of the Honolulu Oil Company of the present market quotation of \$4 a share, making \$1,600,000. There are also 3000 shares of the Matson Navigation Company, of which stock 70 shares sold on the market yesterday at \$270. Other stocks are 4000 shares of Honolulu Plantation, 2000 shares of Hakalua Plantation and 400 shares of Paauhau Plantation. Real estate and miscellaneous investments figure at \$250,000, unless that there will be any contest. I have not retained an attorney."

STEAL OLD PAPER
Burglars, who evidently used a motor truck to assist them in their operations, last night carted away three tons of old newspapers valued at \$60 from the warehouse of the Austin Freight and Transportation Company, at First and Fallon streets, and five bales of hay from G. Farrar, of 10440 Alameda street, according to a report to the police today.

Mrs. Fred Cowan of 1911 Grove street reports that burglar entered her home through a rear door and stole \$44 and a quantity of jewelry.

TEACH AD WRITING
Principles of advertisement writing will be taught at the Technical evening high school in a class to be organized tomorrow evening. The students will gain practical knowledge by writing copy for advertisements, submitting problems for discussion and learning the methods and styles of type arrangement. The instructor will be L. J. Arnold of the San Francisco Ad Club.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

Give Fruit Laxative When Cross, Bilious, Feverish or Constipated.

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Look back at your childhood days. Remember the trouble caused by calomel, castor oil, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do to the children's system. It is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt—Advertisement.

Bruises and Sprains

Have Sloan's Liniment handy for bruises and sprains and all pains and aches. Quick relief follows its prompt application. No need to rub. It quickly penetrates to the trouble and drives out the pain. Cleaner than muslin plaster or ointments. Sloan's Liniment does not stain the skin nor clog the pores. For rheumatic aches, neuralgia, stiff muscles, lame back, lumbago, gout, sprains, and sprains, it gives quick relief. Generous sized bottles at all druggists. 25c, 50c, \$1.00.

KILLS PAIN

NUXATED IRON

You Can Tell the Women with Pale Faces and Thin Blood—Beautifully Rosy Cheeks—Full of Life and Vigor.

Dr. Ferdinand Kitz, New York Physician and Medical Author, tells physicians that they should prescribe more iron than they do now—for their patients—says anemia—iron deficiency—is the greatest cause of the health weakness, vitality and beauty of the modern American woman. Says Kitz: "Women using Nuxated Iron will find that it builds up the blood, corrects the stomach and the nerves, and gives them more energy than they have now. It takes three times as long as other iron pills to build up the blood, but it is worth the wait. It gives you more energy than you have now. It takes three times as long as other iron pills to build up the blood, but it is worth the wait. It gives you more energy than you have now."

IF YOUR EARS RING WITH HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Ears (double strength), and add to it a pint of hot water and ounce of granulated sugar. Take 1 tablespoonful four times a day.

This will bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial. Good Bros.—Advertisement.

Taking Cathartics Every Day for Weeks Don't Cure Stomach Trouble

There are not eliminate the poisonous bile accumulation from the system, a leading Chicago Stomach Specialist, often calls Stomach, Cancer and Ulcers of the Stomach and Intestines, Auto Intoxication, Yellow Jaundice, Appendicitis and other dangerous ailments are the consequences. Mary's Wonderful Remedy is the only prescription for Stomach, Liver and Intestinal ailments. It has restored millions. One does not know it until it is too late. Mary's Wonderful Remedy is for sale by Occold's Dept. Store and druggists everywhere.—Advertisement.

HUBBY ONLY IS UNMOVED BY VAMPIRE

LOS ANGELES, Oct. 16.—"A vampire who cannot hold her own husband may seem paradoxical and humorous, but that is my case."

With this observation Louise Glaum, moving picture star and portrayer of siren roles, announced yesterday her intention to file suit for divorce next Tuesday. She will seek legal freedom from Harry Edwards, whom she married at Anaheim in February, 1915, and who also is well known in screen circles as a comedy picture director.

Mrs. Edwards and her husband lived together for a year; then, she says, they disagreed and separated. Since then she has been living with her mother, Mrs. Lena K. Glaum, 1532-A Sixth avenue. Her husband has been connected with several large motion picture companies here.

Miss Glaum said yesterday that she had no matrimonial prospects at present, although she said "one never can tell."

Miss Glaum is widely known for her "vampire" roles and is sometimes called the "Peacock Siren." Her attorney is A. F. Goldman, and deservingly will be the ground on which she will seek the decree.

U. C. MAY ADOPT 4-QUARTER SYSTEM

BERKELEY, Oct. 16.—Adoption of the four-quarter system in place of the present two-semester system in the schedule of instruction is being seriously considered by the University Council and the Board of Regents of the University of California. The committee of the council now has the subject under special consideration, and it is understood that the majority of the council members are in favor of the change.

The four-quarter system is being tried this year at Leland Stanford Junior University. In place of two periods of instruction, separated by the long summer vacation, the courses are so arranged that the university year, like the natural year, is divided into four quarters. In other words, instruction will be continuous the year around, and a certain number of professors and instructors will always be on duty.

The advantages of the new system are many, according to those who favor its adoption. One is that the student who desires to keep continuously at work can finish his college work in three years, where it now takes him four because of the compulsory vacation of three months every year. The student who desires to be able to arrange their schedules as to have more frequent, if shorter periods of rest. Students who desire to take the summer vacation for agricultural or other work will be free to do so.

The contemplated change has been noted and again in the University Council for the last six years, but this is the first time that it has reached a point where its adoption is considered a probability.

SELLS INTEREST

Deciding to devote himself entirely to his oil interests A. J. Snyder, Oakland capitalist and oil operator, has disposed of his interest in the Federal Realty Company, building, at the Broadway-Telegraph avenue corner, to President Joseph F. Carlston of the same company. Snyder owned a quarter interest in the structure, which was built and controlled by a stock company in the name of the Federal Realty Company.

He will continue to make his headquarters in the structure, where his oil interests will maintain offices, and will continue to make his home in Oakland. The consideration is not announced.

NEW FIRE SURVEY

Under orders issued today by Commissioner F. F. Jackson of the public health and safety department, Fire Chief Elliot Whitehead will immediately commence making a resurvey of all hotels, apartment houses and lodging houses in the city for the purpose of making a report as to whether the laws relative to fire escapes are rigidly enforced.

This action has been taken by Commissioner Jackson as the result of the recent casualties in San Francisco during a fire in a lodging house when several firemen were killed and a score of injured while fighting a blaze in a fire-trap.

SCOUTS MISSING

Three Boy Scouts who have been reported to the police as missing from their homes are believed to be camping somewhere in the hills and a search is being made for them. The missing boys are Nathan Davidson, 12 years of age, and his brother, Morris, 10 years, who live at 223 Madison street, and Henry Lewis, 12 years of age, who lives at 173 Third street. The police have also been asked to be on the lookout for Gordon Chandler, 12-year-old son of J. F. Chandler of Richmond, who has been missing for several days.

GETS U. S. ORDERS

W. A. Hastings, general manager of the Aluminum Products Company, which maintains a large plant in Oakland, has returned to this city after a year's absence in the East, where he handled a number of important government contracts for the firm, which is making a large part of the mess utensils for the army.

Hastings declares that newer uses are being found daily in war work for aluminum and that several large orders are to be handled by the Oakland plant.

ASK INTERRUPTION

For four months in the year, from November 1 to March 1, residents of the bay region and tourists who wish to enjoy the panorama from the summit of Mount Tamalpais will have to climb the steep slopes on foot if the pending application of the Mt. Tamalpais & Marin Wooded Reserve, is granted by the State Railroad Commission. The directors of the road ask permission to abandon service during the winter months because of the small amount of travel.

MAY WITHDRAW
SWEDISH MISSION

WASHINGTON, Oct. 15.—Sweden's economic mission may be withdrawn from Washington, Swedish officials declared today, because their diplomatic pouches are detained at the British embassy.

Unofficially, it is said that the mail may contain secrets relating to the Luxburg affair. The Swedish representatives claim the pouches contain principally food statistics. They display further indignation because they are denied the privilege of cabling their foreign office in code.

While no official stand has been taken, the Swedes have been informed that they can have no serious objection to opening the mail, in presence of British officials, if the contents are "harmless."

"This is an interesting case," one Swedish official said today, "to which we will not submit. It is absolutely essential to the success of our negotiations with the American War Trade Board that we communicate confidentially with the Swedish foreign office."

A cloak of secrecy has been thrown around the diplomatic pouches by the British embassy here since the mail has been taken off a steamship at Halifax several weeks ago.

CHINESE TRIP
THE LIGHT AND
U. S. FANTASTIC

The modern dances of America are, tripped lightly by the new citizens of Chinese descent, and Occidental music has not the strangeness to them that it may have to their elders who have not yet forgotten the Celestial kingdom.

All of which was proved last night when 400 young Chinese, born in America, met for the convention of the Chinese Native Sons, an organization of Chinese students born in this country. A meeting was held in the Hotel Oakland yesterday, followed by last night's dance. A large number of the members of the organization were guests in the University of California and Stanford.

DOCK
& DECK

The steam schooners Brooklyn, Bandon, Prospect, Elizabeth and Bolinas, all loaded with lumber, are fog bound in port and have been waiting to get to sea for nearly 10 days.

Gasoline schooners which have been fishing at the northern banks during the summer months are going to Southern California for the winter fishing season. The schooners Tillicum and Empire arrived here yesterday for fuel and sailed again in the afternoon. So far this season a half dozen of these small fishing craft have gone south. Several more are to follow.

Captain B. B. Whitney, for many years local inspector of boats and boatsmen in northern ports, has resigned his position with the government, and will hereafter represent the Oregon and Washington railroad.

QUINLAULT'S CREW TO
TELL OF DISASTER
The crew and passengers of the wrecked steamer Quinalt arrived here yesterday and will tell of the disaster to United States Inspector Guthrie and Dolan and to today. They claim the fog was the cause of the accident.

A report arrived here today that Thos. A. Corbett, second cook on the steamer Skowog, of the Alaska Steamship Co., was drowned at Cordova bay, Alaska, on October 12. He was well known around the bay cities.

Stomach Trouble Cured

Oakland, Oct. 2, '17.
My stomach was my master for a clerk in the office of the lumber department of the S. & O. Co., and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach.

Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.

Then a fellow employee who had received great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

PLEADS WITH
AMERICANS TO
BACK WAR AIMS

SALT LAKE CITY, Utah, Oct. 15.—"Better we all died in this war than let the false philosophy which caused it triumph," declared the Most Rev. Edward H. Hanna, archbishop of San Francisco, in an address today before members of the Esplanade Club, a Catholic organization.

"There is no doubt about the justice of our cause," declared the prelate.

In the address the archbishop said that the people of the United States had hoped that the wave of blood might not touch our shores.

"But the cause became so great and the danger so imperative that we had to throw in our lot with the other nations. And on this day we are the mightiest factor in the struggle."

LIBERTY BONDS
SOUGHT AGAIN

The application of Alan Atkins, minor, to invest \$50,000 in the second Liberty loan issued, and denied by Judge Wells last week, has been renewed and will be heard October 25.

The application sets out that the applicant believes the bonds to constitute the safest and highest form of investment, and that they can be converted into cash at any time before maturity without loss. The language of the application characterizes the Liberty Bonds as a liquid asset.

Judge Wells denied the former application on the grounds that it was inexpedient at least to tie up the estate of a minor in securities redeemable only after thirty or forty years, and declared that he nor anyone else could say as to whether the Liberty Bonds would maintain par.

Santa Fe shops, besides keeping a grocery store, both of which he was obliged to give up as a result of the injury.

PORPOISE AND
DOLPHINS ARE
GOOD FOR FOOD

SACRAMENTO, Oct. 15.—That porpoises and dolphins, no less than whales, are good food for mankind, has been reported to the Committee on Resources and Food Supply of the State Council of Defense by the College of Agriculture of the University of California.

Like whales, cattle or sheep, the porpoises and dolphins are mammals and their flesh is meat and not fish. In texture and appearance the flesh of porpoises and dolphins resembles beef, although the color is darker red. There is no reason why this meat should not be placed on the market, not only fresh, but also corned and canned.

As to whale meat, the probable development of the future is that the tender cuts will be sold for table use and served in all the various ways in which beef is used, while the less tender portions of the whale promise to be of much commercial and practical value if dried and ground and sold as a meat food to give chickens the much-needed protein element in their diet.

NO ONE HERE
WISHES TO LEAVE,
IS CONCLUSION

No one in Oakland wants to leave. That's why H. C. Osterman, traveling representative of the Lincoln highway, has left this city alone, after waiting two days trying to get some one to make the trip east with him by motor.

Osterman, who was here conferring with State Consul J. E. Caine, two days ago was scheduled to leave. He invited Caine to go with him—as far as Sacramento, anyway. Caine could not. He asked Carl Sword, manager of the Hotel Oakland. Same result. For two days he haunted the hotel lobby, asking each one he met if he'd go with him.

"It's no use," he said today. "No one seems to want to go." He started today by himself.

FIVE INJURED
IN AIR MISHAP

DAYTON, O., Oct. 15.—Frank Amoss, of Saratoga Springs, N. Y., enlisted in the naval reserve and visiting at the Wilbur Wright aviation field near here, was probably fatally injured, and three others, aviators, were injured or burned as the result of two falls with airplanes here. Amoss is thought to have sustained internal injuries. W. T. Miller of Dayton, reserve military aviator; Oscar C. Wright, cadet, and Lieutenant H. M. Sanford, assistant adjutant of the field, were the others injured.

Overworked Women must learn not to neglect their health

How Women are Restored to Health

Spartanburg, S.C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I have every use for Lydia E. Pinkham's Vegetable Compound will get great relief as I did from its use."—Mrs. S. D. MOORE, 122 Dewey Ave., Spartanburg, S.C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 125 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'BRYEN, 3755 Newport Ave., Chicago, Ill.

In extreme climates life is impossible

But the ideal existence is found in moderate climates where extremes are the exception—not the rule. Thus it is with Prohibition—being an extreme, its advocates seem to find it utterly impossible to understand that a mild Barley-Malt and Saazer Hop brew, such as BUDWEISER, is truly the drink of temperance.

For 60 solid years Anheuser-Busch have brewed BUDWEISER and each day they have worked to make it better. The common sense use of BUDWEISER cements the bond of friendship, inspires the flow of wit and laughter and makes old men forget for a little while that they are no longer one and twenty. "That Tablespoonful of Duffy's Keeps Us Young, Mother"

"We are nearing the allotted 'three score and ten' but are still strong—Active, happy, and healthy. Duffy's has certainly done wonders for us."

You could sit at some of these thousands of family tables, and hear the praise and credit given Duffy's Malt, you would be convinced that this excellent stimulant promotes health and prolongs life.

Duffy's Pure Malt Whiskey

is both food and tonic. Unprejudiced physicians say so, and prescribe Duffy's in homes and hospitals. It has the virtues of a medicine without the disadvantages of a drug. It acts directly upon the stomach—often called "the seat of life"—to assist digestion and assimilation of food. In this way the body gains strength daily to ward off little ills and to reach the perfect state—Health.

Take a tablespoonful of Duffy's in a half glass of water or milk before meals every day for a month. Watch the result carefully. You, too, will become enthusiastic, and continue its use regularly.

Be sure to insist on Duffy's Pure Malt Whiskey. Authorities will tell you that no other is as pure—no other is made for medicinal use only. It has a record of 50 years of purity and wholesomeness.

"Get Duffy's and Keep Well!"

Sold in Sealed Bottles Only. Beware of Imitations.

NOTE Get Duffy's from your local druggist, grocer or dealer. If he cannot supply you, write us. Send for useful four-color booklet free.

Cincinnati Man Discovers Drug
That Loosens Corns So
They Lift Out.

Local druggists are having a tremendous call for freezone, the drug which is used to shivel a corn, root and all, without any pain.

A few drops applied directly upon a tender, aching corn relieves the soreness at once, and shortly the entire corn, root and all, lifts right out with the fingers.

This new drug is being dispensed at small cost in quarter-ounce bottles, which is sufficient to take off every hard or soft corn from one's feet. It is a sticky substance which dries at once, and does not inflame or even irritate the surrounding tissue of skin. There is no excuse for anyone suffering death by infection or lockjaw from cutting their corns now.—Advertisement

The Rhapsode and the Mountain Girl in "Intolerance" now being shown at the Kinema Theater.

Four separate tales in four different epochs of human history are woven into the fabric of "Intolerance." D. W. Griffith's magnificent production being shown at the Kinema Theater this week. Although defying the classical "unities" of time and place and smashing other dramatic traditions, Griffith succeeds in holding the attention of the spectators

LEAGUE FOR WAR WORK COMES HERE

The Alameda county section of the National League for Woman's Service, of which Mrs. Oscar P. Long is chairman, opens offices tomorrow morning in Oakland. The inauguration of this important war work in the east shore cities will offer an opportunity to the women who are trained or untrained. The immediate attention of the local body will be directed toward the enrollment of women, and toward the knitting department. There is to be no attempt made to bring into membership of the league any particular class or set. A general invitation is extended to any woman who is interested enough to volunteer her assistance and membership will be based alone upon this unsolicited response. The enrollment blanks which are offered for women and which may be signed in the Alameda county headquarters in room 1, 470 Thirteenth street, include applications for volunteer and paid employment. For those who are not equipped to engage in work, special classes will be organized along any line where a sufficient number of students register.

The aim of the league is to standardize woman's labor and to equip her so thoroughly that she will be able to demand the same remuneration as a man for the same position.

Miss Beatrice Simpson has accepted the temporary chairmanship of the department, which will devote its energies to the knitting of sweaters for the men in the service.

Each day from 10 to 4 o'clock Mrs. Long and her assistants will accept enrollments and volunteers for service such as women can give in the rooms on Thirteenth street.

WRECK AVERTED

Duxbury Reef, where several coast steamers have been wrecked in the past, almost was the scene of another maritime tragedy, according to word arriving today, on the water front when the Japanese schooner Koko Maru escaped destruction on the rocks.

The vessel, becalmed when the wind died out, was being carried by the reef by the swift current about Point Reyes, when the Bolinas wireless station observed its plight and summoned tugs.

The vessel would have been wrecked but for this assistance on the same ledge that destroyed the Hanalei in 1914. She was on her way from Hakodate to the bay.

Through all four plots there runs the common theme—that intolerance is the greatest enemy to human progress—and this common theme it is that makes the four separate stories merge gradually one into the other until at the climax they become unified in a tremendous "punch."

"Intolerance" offers what might be called a bird's-eye-view of human history, for by the magic of the camera the film is carried now to ancient Babylon, now to Jerusalem in the time of Jesus, now to France at the time of the Huguenot struggles and now to modern days.

The length of this film, which is one of the masterpieces of the moving picture industry, necessitates a curtailment of the ordinary program. During this week, therefore, the Kinema shows no comedy.

TO STUDY FLYING

Four Oakland and Berkeley private first-class of the aviation section Signal Enlisted Reserve Corps, along with eight from San Francisco and other points in the district, were ordered into active service yesterday by Major General Arthur Murray, commanding the western department of the army.

The selected men are: Noel M. Johnson, 282 Eighth street, Oakland; John E. Kreiger, 2447 East Twenty-third street, Oakland; John D. Cox, Jr., Hearst and Loma avenues, Berkeley; and W. Lane Cottrell, 220 Taylor street, San Francisco; Verne W. Hoffman, 424 Davis, Edward S. Mumford, Jr., Menlo Park; Lewellyn J. Reese, 317 Forum building, Sacramento; Harold E. R. Ivory, 201 Cassell avenue, San Francisco; Harry F. Suter, 2207 Markham way, Sacramento; Stanley Smith, 1839 Larkin street, San Francisco; and Daniel J. Sullivan Jr., 900 E. street, Sacramento.

ENJOY FLIGHT

SAN DIEGO, Oct. 15.—William G. McAdoo, Secretary of the Treasury, and Rear-Admiral Carey T. Grayson, who is physician to President Wilson and is now traveling with Secretary McAdoo on his Liberty Loan campaign, had their first experience in flying yesterday. Both said it will not be forgotten soon.

The two were taken up in machines from Rockwell Field, where the signal corps aviation school is. McAdoo went as passenger with Major Henry Damm, flying instructor, to a height of 5500 feet and enjoyed every minute of it, he said later.

SLAIN IN FIGHT

LOS ANGELES, Oct. 15.—Armando Fontecha was shot and killed here in a street in the Italian quarter and Ricardo Caceredo was arrested and booked on a charge of murder.

According to the police, Caceredo still held a revolver when arrested and they said he admitted the shooting.

The tragedy was said by the police to have been the outgrowth of trouble between the men following the alleged suicide of a young woman here last March. The police said Caceredo then announced he would seek Fontecha's life, and that a feud had existed since that time.

WILL GIVE TESTS

Under the direction of Dr. Lewis M. Torman of Stanford University the group psychological tests upon which to base promotions of children in the Oakland schools is to be given to 2000 pupils. The experiment will pave the way for the future development of a system conducted along these lines. The test is being arranged by the school board committee on promotions and the rates of progress.

EBELL TO BOOST HARD FOR BONDS

While the flurry that has existed because of varied reports concerning the differences of the Liberty Loan Campaign Executive Committee and the Ebell Club as to personnel of speakers has subsided, there remains, however, deep-seated determination on the part of the Ebell members to go forward with the plans laid some time ago for the advancement of the cause of the second Liberty Loan. In this connection there was received today by Joseph H. King, chairman of the Liberty Loan Committee, the following letter from Mrs. Ella M. Vandegrift, president of the Ebell Club:

"Twenty-six thousand five hundred (\$26,500.00) dollars worth of Liberty bonds have been bought by Ebell members as a result of the stirring patriotic meeting held at Ebell on Tuesday, October 9th, when the club was most impressively addressed on the subject of Liberty bonds by Mrs. J. H. King, chairman of the Liberty Loan Committee."

"This subscription had been made even before our committee of one hundred was fully organized. It is the purpose of this committee to institute an 'every-member' campaign for the purchase of Liberty Bonds."

"Ebells has a large, well organized Red Cross section meeting weekly and has already delivered over nine hundred articles to the headquarters and the work will be increased as necessity demands."

"One hundred and fifty books have been donated to the soldiers' and sailors' library at Mare Island and liberal financial aid has been given to the fund for the National Library Association to be used in purchasing new books for the training camps of our soldiers."

A club subscription has also been given to the War Work Fund of the Y. W. C. A. DETERMINED TO WORK.

"Ebells has furnished both the chairman

FOR CERTIFICATES

WASHINGTON, Oct. 16.—The Treasury Department offering of \$300,000,000 in treasury certificates of indebtedness was oversubscribed, the department announced today. This brought the total issue up to \$1,550,000,000.

and the secretary of the Oakland Woman's Committee of the State and National Council of Defense and either a chairman or delegate for every other branch of that work has been supplied by our club.

"Notwithstanding the fact that Ebells was organized for literary and social purposes rather than civic work, the members of the Board of Directors are united in their determination that the club shall meet thoroughly, efficiently and patriotically every national issue as it arises and will continue in the future as in the past to do its full patriotic duty."

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" Is the Best
Antacid and Stomach Regulator Known.

"Really does" put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in the stomach. Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy, the skin breaks out in pimples; coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest and surest antacid for the stomach in the world.—Advertisement

Delightful economy

Oh—that sinking of the heart, when you look in your ice-box and see the tiny dab left from yesterday's pound of butter!

As a matter of fact, you would probably not be using butter for cooking nowadays, if you could get the same delicious results without it.

You can. Yes—without a particle of butter!

Here is the way: Use wholesome, economical Cottolene for your fine cooking, in place of expensive butter.

In purity Cottolene has set the highest possible standard for shortenings.

Try Cottolene in any familiar recipe. Use one-third less than you would use of butter.

You will find that shortenings which seem cheap, when scooped out by the pound, are often more expensive than Cottolene in actual use.

Why?

Because many careful housewives have found that Cottolene—owing to its superior richness—goes much farther than other shortenings which they had been using.

Try Cottolene next time. It is sold by grocers in tins of convenient sizes.

Recipe for MOLASSES COOKIES

1 cup molasses 1 level tablespoon ginger
¼ cup Cottolene ½ level teaspoon soda
¾ cup sugar ¼ cup cold water
½ level teaspoon salt 3 to 4 cups flour

Heat molasses, pour over Cottolene. Add sugar, salt and ginger or a mixture of other spices if preferred. Dissolve soda in cold water and add to first mixture. Stir in flour, making a stiff dough to drop from spoon, or a stiff dough to be rolled and cut. Bake in moderate oven.

INDIANAPOLIS, Ind., Oct. 16 — A report that within 30 days a new baseball league will be formed, including in its circuit four American Association

It is further reported that six baseball magnates who will have teams in the league met in New York last week and agreed to do practically everything necessary to the organization.

According to the report Ed Barrow, now head of the International league, is slated for president of the new league.

The cities which, it is said, will be in the new league are Cincinnati, Columbus, Toledo, Louisville, Buffalo, Toronto, Newark and Baltimore.

J. H. L'Hommedieu is champion of the Secretab Country Club, half champion of

doubt in the finals of the club championship tournament just completed, beating the home team, then up and six to lose to the visitors. Although Hubbard was the only player who worked especially well in the afternoon, he was not match for the two time champion and record holder of the Sequoyia course, the other of the eight players, L. Hommedieu had an inimitable lead of eight and though Hubbard played a great game in the afternoon round he could not catch up and was completely out of the competition.

W. T. Almy proved a dark horse in the president's cup fight, beating H. W. Beard. The latter was favored to win but Almy had a better day than he expected and won 5 to 4. The winner distinguished himself on the fourth hole by making it in two strokes.

Sequoian links will be the directors cup tournament which will probably start about the first of next month. The di-

A state and home tournament with Claremont is being planned for the near future. The golf committees of both clubs have been trying to get a date for the first tournament. It is expected that they will play the first leg some time next month with the return match in December. The last time the two clubs met in a match was in 1964 at Santa Barbara when Sequoyah took the decision after a close pair of matches.
